

RESIDENTIAL AIR SOURCE HEAT PUMP FINANCING

Center for Energy and Environment (CEE) offers affordable statewide loans for homeowners interested in switching to an air source heat pump (ASHP). ASHPs offer year-round heating and cooling that is highly efficient and provides consistent whole-home comfort. Between rebates and incentives from local to national, our affordable loans can save homeowners thousands of dollars in installation costs.

PROGRAM FEATURES

1-4 unit owner-occupied primary residence properties

Up to 20 Years

Incentives and rebates may be available for qualified installations

Up to \$75,000

Terms, conditions, and closing costs apply. Income limits may apply.

ELIGIBLE IMPROVEMENTS

Air source heat pumps (ASHPs) are an innovative and highly efficient solution for heating and cooling your home. Financing options are available for ASHPs that meet the established standards outlined on the CEE website.

Financing is available for 100% of project costs.

FOR CURRENT RATES AND MORE INFORMATION VISIT [MNCEE.ORG/ASHP](https://mncee.org/ASHP) OR CALL 612-335-5884

The current loan terms and conditions stated, including interest rates, do not constitute a commitment to lend or an offer to enter into an agreement, and such an offer may only be made pursuant to Minnesota Statutes, Section 47.206(3) and (4). These rates are the lowest rates available to applicants in good credit standing. Rates may be different depending on credit history, loan-to-value, property value and other factors.
